

Job Vacancy: Full-time Baker

Want to be a baker? We can teach you.

We are looking for someone who wants to bake for a living, and who loves the type of bread, cakes and pastries we make, and could see themselves learning from us.

Full training will be given on the job, but experience working in kitchens, cafes or restaurants would be a bonus.

Also, a track record of working unsocial hours is also something we are looking for. We ask our bakers to come in at 2am in the morning, some of them have been doing this for years and it's never an issue so we need to find people who will suit this rhythm to the day and are realistic that they have to alter their life to fit in with this new schedule.

It's a full-time job over 4 days, so 3 days off a week helps the life/work balance.

We believe in producing high quality, delicious bread, pastries and cakes, using the best ingredients we can source. An understanding and passion for good food, small-scale production and organic agriculture is a must.

The job will include making the full range of breads, from weighing out ingredients, to hand-shaping every loaf. Other duties will include kitchen prep tasks, making cakes and pastries including laminated doughs, baking, and all the daily cleaning tasks including maintaining our high food safety standards at all times. Pushing for better, we are looking for someone who can learn what we do and strive to improve on it daily.

The role will include a level of responsibility, the ability to work alone, & early starts (between 2am and 7am depending on shift).

The successful candidate will be knowledgeable about all types of bread, pastry and cake production. They will have a complete understanding of our range, the look and taste of every product, and understand what we are trying to achieve daily. They will be motivated, highly organised, and work to a very high standard.

Working as a part of a small team, they will also be required to support, develop and direct other team members, and take direction from them.

Great communication skills are required.

Impeccable timing, attention to detail, and the ability to be self-critical are all required characteristics for the role.

Full-time. 40 hours/week over 4 days (including Sundays)

Application deadline: end July 2021

Start date: ASAP

Salary: Start rate £10 to £12/hr depending on experience and awesomeness.

Location: Lampeter Industrial Estate, SA48 8LT, www.watsonandpratts.co.uk

To apply, please fill in an application form (available at <https://www.watsonandpratts.co.uk/jobs/>) and send this, along with a covering letter to Lucy@watsonandpratts.co.uk. Applications via social media will not be considered.
